

DAY 102

LESSONS COVERED: ULAT 2.16, 2.17

CONTENT:

1. LEARNING TIME EXPRESSIONS (DAYS OF THE WEEK, WORKWEEK, WEEKDAYS, WEEKENDS, ETC.)
2. PRACTICE DESCRIBING A PERSON'S WEEKLY SCHEDULE

OVERVIEW: In lesson 2.17, the students are presented with a number of time-related expressions, such as the days of the week, the work week, week days, weekends, etc. They then take their knowledge of how to express time and, with the help of this new time-related vocabulary, describe one man's weekly routine with a view to doing the same in talking about their own.

ACTIVITIES:

1. Perform **ONE-ON-ONE TESTING** on the test found at the end of lesson 2.16.
2. During the testing, the students should simply independently review lesson 2.17, as it is fairly lengthy, in preparation for beginning to express their own weekly and daily routine.
