

DAY 147

LESSONS COVERED: ULAT 3.5

CONTENT: 1. USE OF MULTIPLE ADJECTIVES
2. ADJECTIVE PLACEMENT

OVERVIEW: Lesson 3.5 exposes the student to sentences containing two adjectives. One of the two adjectives is separated from the noun it is describing by the verb "to be", however the other is not. In performing these activities, the students will be working on adjective agreement with the noun being described as well as the placement of an adjective, either directly before or after, when not separated from the noun by a verb.

ACTIVITIES:

1. **READ** with the students through sections 4 through 6.
2. Have the students do a **PAIRED READING** of section 7.
3. Conduct a **PRACTICE SESSION** of the four forms of the 3.5 test.
